

Saturday League Fixtures

Overall School League Structure

All age groups are involved in scoring league points.

- Block points for all age groups – win 4pts, tie (regardless of wickets lost) 2pts.
- If a school cannot provide a team for an age group it shall be deemed to have conceded the match.
- Where a match is rained off each team shall be awarded two points.
- A match that starts but is ended prematurely by rain shall be deemed a match if half the second innings overs have been played. The team with the better run rate at this point shall be the winner.

League points – 4 pts for the school with the greater number of block points, 2 pts each if block points equal.

If two schools finish level on points in the league the team with the greater net block points over the season shall take the higher placing.

LEAGUE RULES

- Block fixtures are based on the specified pools.
- To allow as many pupils as possible to play club cricket in the afternoon, and to allow grounds to be used for afternoon matches, the following arrangements are recommended where feasible:
 - 9.15am (preferably 9am) latest start.
 - Maximum 10-minute break between innings.
 - Encourage 17 overs to be bowled in 1 hour (3½ mins/over).
- Schools can decide the length of match that suits them.
- Bowlers bowl no more than one fifth of available overs.
- In order to make better use of grounds and staff resources, schools may bring forward some of their block matches to dates not earlier than the Saturday preceding the published date, or put back some of their block matches to dates not later than the Saturday following the published date.
- No block match that fails to produce a result may be replayed.
- In order to create some continuity to fixture organisation, when arranging home and away fixtures with another school, the following system is recommended: 1st XI, U13, U12 will play home or away as a block. 2nd XI, U15, U14 will play home or away as a block.
- No player may take part in more than one age-group match against the same opposition.
- A school failing to field its 1st XI in the Final shall be deemed to have lost the block fixture.
- Any batsman reaching the following score:
 - U11 – 30
 - U12, U13, U14 or U15 – 50shall retire immediately and not be eligible to resume his innings until the last remaining wicket has fallen.
- Any bowler taking five wickets shall be deemed to have completed his allocation of overs at the end of the over and shall not bowl again in the innings.
- Where not otherwise specified above, the playing regulations for each age-group shall be those applying to the relevant cup competition.

If an entire block of Final fixtures is washed out, the fixtures shall be rearranged for a date or dates on or before the following Saturday. Such rearrangements shall take precedence over any other fixtures (apart from fixtures in the Schools' Cup or Plate).

JUNIOR SCHOOLS' CUP RULES

1. FORMAT

The competitions shall be played on a knock-out basis, the first-drawn team having choice of ground.

2. ELIGIBILITY

Players must have been under the age specified for the relevant competition on 1st July in the year before the competition and be *bona fide* pupils of the school for which they play (but preparatory department pupils may not play for main school teams). Girls are eligible to play in all competitions and may play for teams up to two years younger than their actual ages (i.e. an Under-16 girl may play in the Under-14 cup, etc), except where the girl is on an Irish Performance Pathway, in which the permitted leeway shall be one year.

No player may appear in more than two age group competitions (normally the player's own age group and the next higher level) in the same season.

3. FIXTURES

Fixtures shall be played on or before the date specified in the Fixtures Book. Schools are encouraged to play matches as early as possible. Where the two schools have different games afternoons for the relevant year, that of the travelling team shall take precedence.

4. REARRANGEMENTS

If adverse weather prevents a result from being achieved at the first attempt, the match shall be rearranged within seven school days of the specified date (but not on a Saturday that conflicts with either school's Saturday League fixtures). If the teams fail to agree a rearrangement date within this period, the Honorary Competition Secretary shall impose a date. If the visiting team travelled for the initial fixture, it shall have choice of ground for the rearranged fixture. In matches prior to the final, if adverse weather prevents a result from being achieved within the 7-day rearrangement period, the result shall be determined by a bowl-out or, where the visiting team has not travelled or conditions do not permit a bowl-out, by the toss of a coin.

All competitions shall be completed by the end of June. If bad weather prevents the Final from being completed on the scheduled date, and there is insufficient time to rearrange it before the end of June, the trophy shall be shared. The Honorary Competition Secretary has the authority to disqualify any team that does not make reasonable efforts to complete its fixtures and rearrangements on schedule.

5. CLOTHING AND BALL COLOUR

Matches shall normally be played in coloured clothing with a white ball. Should any team wish to play in white clothing, the schools shall agree in advance the colour of ball to be used, having regard to the need for safe visibility against the clothing being used and the background, especially behind the bowlers.

6. DURATION OF MATCHES

The maximum length of each innings shall be:

- Under 15 – 35 overs
- Under 14 – 25 overs
- Under 13 & Under 12 – 25 overs (may be reduced in advance by agreement to 20 overs).

Where the first innings is delayed or interrupted by bad weather, the number of overs available to each side shall be reduced by one for every complete 6 minutes of playing time lost on each occasion. Where the second innings is so interrupted or delayed, the number of overs available shall be further reduced by one for every complete 3 minutes of playing time lost on each occasion.

A match in which either side does not have the opportunity to bat for 10 overs shall be deemed a 'no result' and dealt with in accordance with Rule 4.

Duckworth/Lewis/Stern Method

Wherever possible, the D/L/S method shall be used to determine the result where overs are lost after the start of either innings (the Committee will be recommending an app that coaches should download on their phones for use during matches). Where the D/L/S method cannot be used, the Par Score procedure below shall apply.

Par Score

The Par Score shall be arrived at by dividing the number of runs scored by the team batting first by the number of overs available to it when its innings ended, and multiplying this figure by the number of overs available to the team batting second, the result being rounded down to the next whole number where it is not already a whole number. To win the match, the team batting second must exceed the Par Score.

7. BOWLING RESTRICTION

No bowler may bowl more than one fifth of the overs available at the start of the innings.

8. FIELDING RESTRICTIONS

Under 15 Cup and Plate

Two semi-circles of 30 yards radius centred on each middle stump, linked by parallel lines on either side of the pitch, shall be marked on the field of play by means of painted dots at 5-yard intervals covered by white plastic or rubber (but not metal) discs measuring 7" in diameter. The discs shall not be fixed to the ground by means of a nail, pin or any other dangerous sharp object. At the instant of delivery, a minimum of four fielders (plus the bowler and wicket-keeper) shall be within this area. In the event of an infringement, the striker's end umpire shall call and signal 'No ball'.

Other Competitions

Wherever possible, the above provision shall apply. Where the nature of the playing surface makes the marking of a fielding circle impracticable, coaches shall ensure that a minimum of four fielders are within 30 yards of the striker's wicket at the instant of delivery.

9. FREE HIT (UNDER 15 CUP AND PLATE ONLY)

In addition to the penalty prescribed by Law 21, the delivery following a No ball shall be a free hit for whichever batter is facing it.

If this delivery is not a legitimate delivery (ie it is any kind of No ball or a Wide ball), then the next delivery shall become a free hit for whichever batter is facing it.

Off any free hit delivery, the striker can be dismissed only under the circumstances that apply for a No ball (even where the free hit delivery is called 'Wide ball'). Field changes are not permitted for free hit deliveries unless there is a change of striker (where they are permitted because of a change of striker, any other fielding restrictions in place shall continue to apply). However, in all circumstances, any fielder within 15 yards of the striker may retreat to a position on the same line no more than 15 yards from the striker.

Where field changes that are not permitted take place, either umpire shall call and signal 'Dead ball'.

The umpires shall signal a free hit (after the normal No ball signal) by extending one arm straight upwards and moving it in a circular motion.

10. **PITCHES AND BALLS**

- Under 15 & Under 14 – 22 yards, 5½ oz ball
- Under 13 & Under 12 – 19.5 yards, 4¾ oz ball

11. **TIED MATCHES**

If the Final finishes in a tie, the trophy shall be shared and each school shall hold it for six months.

In all other matches, the winning team shall be the one that has lost the fewer wickets.

Where both sides have lost the same number of wickets, a Super Over shall be played as follows.

- In each innings of the Super Over, the fielding side shall choose from which end to bowl.
- The team batting second in the match shall bat first in the Super Over.
- The loss of two wickets in the over ends the team's one-over innings.
- Where the teams have the same score after the Super Over, the team whose batters hit the greater total number of boundaries in both the main match and the Super Over shall be the winner.
- If the number of boundaries hit by both teams is equal, the team whose batters scored more boundaries during its innings in the main match (ignoring the Super Over) shall be the winner.
- If still equal, a count-back from the final ball of the Super Over shall be conducted. The team with the higher scoring delivery shall be the winner. If a team loses two wickets during its over, then any unbowled deliveries will be counted as dot balls. For this purpose, the runs scored from a delivery shall be defined as the total team runs scored since the completion of the previous legitimate ball, i.e. including any runs resulting from wides, no ball or penalty runs.

12. **RETURN OF RESULTS**

The winning team shall notify the result to the Hon Competition Secretary and the NCU Webmaster by phone, email or text within 24 hours of the completion of the match, giving the scores of each team, any noteworthy individual performances, and the number of wickets lost and overs faced by each team.

13. **DISPUTES**

In the event of dispute, the Schools' Committee shall decide the outcome.
